To Whom it May Concern,

I have recently become aware of regulation #2777 Department of Agriculture 2-160 which will severely impact the raw dairy farmers in your State. I sincerely hope that you will not approve this dangerous legislation which cuts the legs out from under citizen's rights to purchase and enjoy raw milk. It will also tremendously hurt the ability of dairy farmers to make a living.

All people should have the right to be responsible for their own health, and to enjoy eating whatever foods that they choose. I am praying that all States in the United States will start to stand up to protect farmers, businessmen, and the rights of the people.

I hope that you will please vote to DISAPPROVE "proposed regulation #2777 Department of Agriculture 2-160."

Thank you for your consideration.

Regards,

Brian Galante
