Subject: raw milk regulations

I am writing to let you know that I oppose the proposed milk regulations. I request that you vote to disapprove proposed regulation #2777 Department of Agriculture 2-160. I am a raw milk activist in Maryland and I care about this issue. Pennsylvania is a model raw milk state, and what happens in Pennsylvania could impact other states.

Please do not put any more regulations on the small farmer. His operation is small enough that he can oversee all of it. His discerning consumers have sought him out. They continue to support his product because it is a good one; if it was not, they would not return. No further legislation is needed.

Thank you for your consideration of this matter.

Sincerely,

Eben Conner
