Subject: vote to DISAPPROVE "proposed regulation #2777 Department of Agriculture 2-160.

Please help us keep our right as a consumer to choose the milk -- or food -- we want to eat. We should have the right to decide for ourselves if we want to consume raw milk. We should have the freedom of a choice about what we put into our body. We are getting further and further away from the intended natural state of our food. It is SO important to maintain a food source that is organic and not genetically modified. Food as pure as possible should be available to all. Please don't impede farmers who are supplying a product that many of us prefer to homogenized, pasteurized milk. PLEASE GIVE US OUR CHOICE!!!
