To whom it may concern,

As a consumer I ask that you as a committee reject the proposed Dept. of Agriculture proposal #2777. It is a consumer's right to purchase directly from any farmer. A consumer will not continue to purchase inferior products and will gladly report any unsafe practices to the proper gov't. agency. Consumers also have the right to buy "raw" milk, and the dairy processors have been weorking hard to deny us this right.

Thank you kindly for your consideration.
