To whom it may concern

As a raw milk activist who lives in the neighboring state of New Jersey, I am very concerned about tomorrow's meeting in Harrisburg. Pennsylvania has been a model raw milk state for the rest of the nation, and what happens in Harrisburg tomorrow, could eventually impact other states.

I want to believe that the IRRC truly has the best in mind for the people of PA - and other fellow Americans.

As an American citizen who lived abroad for a very long time (where I was able to even buy raw milk in 'regular' grocery stores!) and who experienced the positive health impact raw dairy had on my family and myself, I am rather upset that people here are not trusted to make an informed decision for themselves. I urge you to PLEASE DISAPPROVE the PROPOSED REGULATION # 2777 Department of Agriculture 2- 160. Please don't take away from us the freedom to make informed decisions about our health and diet in that way.

Thankfully yours,  
Sunny (Sandra) van Vlijmen
