I am an intelligent person well able to investigate healthy choices and to chose a safe and nutritious diet. Leave farmers who tend cows who sell raw milk alone.

I raised my children on it, they are now in their 50,s and still healthy and we all still drink ONLY raw milk. I would not allow any children of mine to drink pasteurized and homogenized milk, not to mention low fat milk.

Please vote disapprove # 2777, Dept of AG. 2-160

Thank you.
Sincerely
Ann Tomasello, New Jersey
