Subject: Disapprove proposed regulation #2777 Department of Agriculture 2-160

IRRC,

Please disapprove the proposed regulation #2777 Department of Agriculture 2-160 as it is an onerous and unnecessary regulation of the public's access to raw milk and represents almost identically a type of that tyranny that was imposed on our Founding Citizenry. This type of regulation represents an overreach on the part of a bureaucratic machine that does not represent the will of the people.

Cordially,
Brian Willis
