Subject: RAW MILK LAWS

Message:

I urge you to vote against the proposed legislation regulation @2777. I enjoy raw milk, I have never gotten sick from it, and it helps my body fight infections. It also helps with my allergies. Raw milk from grass pastured cows is a very healthy food that I want the right to purchase in Penna. I oppose the proposed the milk regulations and request that they vote to DISAPPROVE "proposed regulation #2777 Department of Agriculture 2-160." Thank you. Dottie Free RN
