INDEPENDENT REGULATORY  
REVIEW COMMISSION

I oppose the proposed the milk regulations and request that you vote to DISAPPROVE proposed regulation #2777 Department of Agriculture 2-160.

I am a raw milk advocate from MI and am very interested in the laws in PA because PA is a model state in this area. Access to clean, fresh milk is fundamental to my family's health and I plan to support it anywhere it comes under attack.

Real milk is one sector of the dairy industry that is growing. Can we really afford to thwart the economic and health benefits it provides to the populace of PA?

Thank you for your consideration of these views.

Sincerely,  
Mrs. E.A. Higuera
