Subject: October 7 meeting

I, Frank Schaller am a raw milk consumer and I respectfully request that you reject proposed regulation #2777 Department fo Agriculture 2-160: Milk Sanitation.

If you and your families drink raw milk, I know you will reject Regulation #2777.

If you understand the "heritage" and "health benefits of raw milk", you will reject Regulation #2777.

If you are truly "Independent", you will reject Regulation #2777.

If you are concerned about small farmers in Pennsylvania, you will reject Regulation #2777.

If you are not fully aware of the impact of this regulation on raw milk availability, Farmers, and consumers, you will reject #2777.

Many of my raw milk colleagues have given you much more detail. Please, Please read them and vote No on Regulation #2777.

Thank you for reading, listening and doing the right thing by "not accepting this regulation as presented".

Naturally yours, Frank Schaller, Director, Soil-Food-Health Forum

cc FAXs and Media info packets being sent to Federal legislators as well and other appropriate offices and agencies
