Subject: Raw Milk Regulations - Request to vote to DISAPPROVE proposed regular #2777
Department of Agriculture 2-160

We purchase raw milk for our family to drink. We are raw milk activists in the state of PA. We care about this issue because PA is a model raw milk state for the rest of the nation. What happens in PA could eventually impact other states.

We OPPOSE the proposed milk regulations.

I am writing to ask you to vote to DISAPPROVE proposed regular #2777 Department of Agriculture 2-160.

Thank you,
Jennifer Sanders
