Subject: Proposed regulation #2777

To whom it may concern,

As a former resident of Mansfield, PA, I oppose the proposed the milk regulations and request that you vote to DISAPPROVE "proposed regulation #2777 Department of Agriculture 2-160." This regulation places undue hardship on dairy farmers who are not part of an industrial model. Please consider the well-being of the 136 dairies in Pennsylvania that are legally licensed to sell raw milk as well as the health of all of Pennsylvania's citizens, many of whom depend on raw milk dairies to provide them with clean, fresh milk because they cannot tolerate pasteurized milk.

Thank you.

Sincerely,
Jennifer Schmid
