This is a copy of a FAX I sent, requesting that you disapprove Proposed Regulation #2777 Department of Agriculture 2-160:

Please reject the above mentioned Proposed Regulation, as it would cause raw milk producers to be burdened with unnecessary expenses and put them under financial strain that many of them may not be able to recover from.

Production methods currently in use by raw milk producers do not, and have not resulted in adverse health or safety issues.

In that light, I respectfully ask you to please consider not fixing something that isn't broken.

Sincerely,

Jo Ganz & Cosmo Gatto
