Subject: Milk sanitation proposal would hurt small dairys,

Hello,

2010 OCT -5 A 9 48

My name is Jocelyn H. Saiki and my family and I are raw milk consumers. I respectfully request that you reject proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation.

I care about this issue because Pennsylvania could become a strong model of support for independent raw milk producers.

However, the restrictions proposed would be unnecessary and burdensome for small independent milk producers. The proposed dairy regulations would severely impact the ability of raw milk producers in the state to make a living.

Food safety is not size neutral. Larger operations are more complex and regulation needs to focus on those operations. Not small milk producers.

I view the proposed regulation as excessive. I oppose the proposed milk regulations and request that you vote to DISAPPROVE proposed regulation #2777 Department of Agriculture 2-160.

Regards,

Jocelyn H. Saiki
