My name is Joyce Cross. I am a raw milk consumer and respectfully request that you reject proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation. I am a discriminating consumer and do not need protection from my farmer-neighbor or local market or store. Their business will fail if they provide unsafe or unsatisfactory products. Please focus your efforts on corporations and other large organizations whose practices have far-reaching effects. I view the proposed regulation as excessive and in some cases unnecessary and onerous.
