INDEPENDENT REGULATORY
REVIEW COMMISSION

I am a raw milk drinker. Being able to obtain this important food has enabled me to heal from debilitating colitis and live a happy, healthy life. Because I can consume healing foods, I am not on disability. Please allow citizens to make a choice for themselves about where and how their food is obtained. We who drink raw milk know the risks, but we also reap the benefits. I ask you to vote:
DISAPPROVE on proposed regulation #2777 Department of Agriculture 2-160

Thank you for your time,
Kathleen Eckert
