Members of the IRRC

I want to oppose the proposed the milk regulations and request that you vote to DISAPPROVE "proposed regulation #2777 Department of Agriculture 2-160."

Why with a product that is so good and good for you would you even consider this regulation. I live in Ohio, was raised on a dairy farm in Pa and was grown on fresh milk right from the tank. Generations were brought up on this. What is sold on the shelves of stores today is not the same quality as fresh milk. IF you were raised on a dairy you should know this very clearly.

I purchase milk from a Dairy in Ohio and have done this for many years. Because of Pennsylvania's position in the dairy industry and geographic position to Ohio many small dairies futures are in the balance.

Sincerely

Kevin J. Musser
