I am respectfully writing to ask that you vote to DISAPPROVE proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation. I feel that it is ultimately up to the consumer to make sure their food is safe - not the government. While there may be some Constitutional room for regulation, the above proposals are excessive and cause undo expense to the small farmer.

Our nation was built on the small farmer. Please do not regulate them out of existence!

Sincerely,
Mrs. Laura Gossin
