Subject: proposed regulation #2777

I am a raw milk drinker in Maine, a raw milk activist and former cow owner. It is very important to me for you to disapprove the proposed regulation #2777 Department of Agriculture 2-160. Pennsylvania is a model for the rest of the country in it's raw milk policies and I feel threatened by this new regulation because it may become a stepping stone in the wrong direction for other states and of course is harmful to the people of Pennsylvania.
