Subject: proposed regulation #2777

Dear Sir:

I have been made aware that on Thursday October 7, the Pennsylvania Independent Regulatory Review Commission (IRRC) will meet in Harrisburg to vote on whether to approve the proposed regulation #2777 Department of Agriculture 2-160. As a raw milk activist in MD, I care deeply about this issue because PA is a raw milk model for the rest of the nation and what happens in PA could eventually impact other states. I strongly oppose the proposed milk regulations and request that you vote to DISAPPROVE the passage of this reg.

Thank you for considering my views on this important matter.

Blessings,
