Subject: REJECT proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation

RECEIVED
IRRC

To whom it may concern,

2010 OCT -5 A 9 04

Please vote to REJECT proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation.

I am a raw milk consumer and obtain my milk directly from a small, clean family farm. Imposing unneeded regulations that will increase the cost of operating a small dairy farm is counterproductive to ensuring the economic viability of our family farms.

I urge you to support our family farms and vote to reject this proposed regulation.

Sincerely,
Lynn Prior
