Subject: Raw Milk Regulations

Message:

Good Morning, My name is Marion Martin and we are raw milk consumers. I am writing to request you reject the proposed regulation #2777 Dept. of Agriculture 2-160: Milk Sanitation. Please understand the many benefits of raw milk - I ask you research for yourself and make wise conclusions. We agree government is important and so are regulations, but please use your knowledge and do not micromanage every operation. Thank you for the job you are doing. Raw milk has been a life-saver to some of our families health issues. Marion & Lonnie Martin
