Hi,

I'm an environmental activist and oppose making it tougher on small farmers who sell very wholesome raw milk. I have been drinking it for the past 2 years, and feel the healthiest ever in my life in my mid-60's. We need to have PA be a model for other states on how it is to be done. The rest of the country is looking to you. Please do not unnecessarily make hardships for the small farms, our true source of food security. We all know that centralized food leads to extreme vulnerability. Thank you.

Green Blessings and deep, deep peace,  
Mary Himmer
