**Subject:** Disapprove proposed regulation #2777 Dept of Agriculture 2-160

I am an Idaho resident, but I travel frequently for work with my family. Wherever we go, we seek out sources of clean, healthy, raw milk, which, unlike pasteurized milk from giant, feedlot dairies, is something I can feel good about giving to my family. I'm concerned that it is becoming more difficult to obtain this historically excellent health food and Pennsylvania is currently a model state for raw dairy providers. Please disapprove this regulation so that the raw milk dairies are able to continue to provide.

Sincerely,  
Mary Jasionowski
