Subject: Please reject Dept of Agri Reg 2-160; IRRC #2777

Message:

As a strong believer and consumer of foods as close to their natural state as possible, I strongly urge the IRRC to reject the Department of Agriculture Regulation 2-160, IRRC #2777. In the interest of health, we must provide opportunities to keep our food supply in a natural state, and not drive farms away from it.
