Subject: Raw Milk

Dear Sirs:

My name is Mary Sue Laing. I am a raw milk consumer and I respectfully request that you reject proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation. Requiring small farmers to do such things as build an extra room to bottle the milk, etc. won't make the milk any safer. These regulations, however, will drive many farmers out of business, damage the economy, and deprive the people of Pennsylvania of a very healthy food choice. Do you care more about your people or about increasing the profits of big business? Show us that you care about us.

Sincerely yours,
Mary Sue Laing
