Dear Sirs,

I write to let you know of my opposition to the above regulation and ask that you vote it down in Thursday's meeting.

My understanding of the proposed regulation is that it places unnecessary and onerous controls on the processing of raw milk on Pennsylvania farms, and that that will likely will result in farm closures. That would be very sad. It would also be sad to thereby deny raw milk to those who want to buy it.

Respectfully yours,

Nancy Currier
