REVIEW COMMISSION

I am writing to express my deep concern over Pennsylvania's move to radically limit the raw milk producers' ability to run their businesses. Having once been a resident of Pennsylvania and having many friends who still reside there, I am encouraging folks to voice their concerns over the restrictions that are being proposed. Please, I ask that you look more closely at this. Having raw milk available to those that choose to drink it is essential for our health as well as the health of the small, family farm. Thank you for your consideration, Paula Sistare
