Subject: Vote to disapprove "proposed regulation #2777 Department of Agriculture 2-160

Dear Members of the IRRC:

I and my family are raw milk consumers, and we respectfully request that you reject proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation. We do not feel that we need protection from our neighbor farmer. We have been drinking raw milk our whole lives with out any health problems. In our view the proposed regulation are excessive and in some cases onerous and unnecessary.

Thank you for your consideration on this issue.

Sincerely,

Richard Weaver
