Subject: OPPOSE reg #2777

As a concerned citizen, I would like to voice the following: I want to you to **DISAPPROVE PROPOSED REGULATION #2777 Dept of AGRICULTURE 2-160**".

Raw milk is not a threat to public safety and is unaltered. We eat many things unaltered in a natural state: strawberries, apples, cucumbers, etc. these are good , nutritious foods. Getting easy access to natural food like raw milk should not be hindered and obstructed by continuing government regulation.

Thank you.
