**Subject:** Reg. 2777

**Message:**

I am writing to you to state my opposition to the above listed regulation. The citizens of our commonwealth do not need the government to "protect" them from small farmers. We do not need additional regulations that will no doubt be a burden upon Pennsylvania small farmers. The large factory farms are the ones with regulatory problems, not small, non-chemically operated, family oriented, pasture based ones. Please do not create additional hardships for small farmers and do not pass this regulation!
