Subject: #2777 Department of Agriculture 2-160: Milk Sanitation

Message:

My name is Tracy Zinn. I am a raw milk consumer and I respectfully request that you reject proposed regulation #2777 Department of Agriculture 2-160: Milk Sanitation. I view the proposed regulations as excessive and in some cases unnecessary. I have chosen to consume raw milk and I do not need protection from my farmer. I have direct contact with my farmer and I believe that is the best method of product accountability. Government involvement may be needed in larger corporations, but not at this level. I again request that this proposal be rejected. Thank you.
