Dear IRCC members

I am a "Raw milk" consumer and an activist to keep access to this important food product in our lives. I request you to "DISAPPROVE" proposed regulation # 2777 Department of Agriculture 2-160.

PENNSYLVANIA is really a role model in keeping this nourishing food item available and this is one of the reason we chose to make our home in Pennsylvania. My whole family has benefitted significantly by switching over to Raw milk. It has been a great source of health for our family and I will fight till last to keep this important food choice available.

Yours sincerely,
