Subject: raw milk

To whom it may concern:

I am writing from Maine to ask you to **please vote to disapprove proposed regulation #22777 Department of Agriculture 2-160**. The reason is that I am concerned for the health of my fellow Americans.

In my lifetime people have leaped from mostly slender to mostly overweight. Diseases associated with obesity are on the rise. At the same time, the American diet has leaped from mostly local, mostly fresh real foods to mostly processed foods. The link between inferior health and overly-processed foods appears obvious and is supported by research. It is the reason I ask you to support the freedom to chose raw milk as part of a nourishing diet.

Thank you.
