INDEPENDENT REGULATORY
REVIEW COMMISSION

August 19, 2009

Dear Mr. Hoge,

I am proud of Pennsylvania's progressive and inclusive laws regarding milk sales. Please extend the public comment period to ninety days, beginning August 1, for the proposed new dairy sanitation regulations. This is a busy time for both consumer and producer -we aren't all wired to computer speed communication- and we deserve to have time for a fair read.

Thank you for your consideration,

Todd Wetzel
