Regulation No. 18-415 (#2779)
Department of Transportation
Transportation Enhancement Grants from
Automated Red Light Enforcement System
Revenues

On July 21, 2009, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking establishes 67 Pa. Code Chapter 233. The proposed regulation was published in the August 1, 2009 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on August 3, 2010.

This regulation fulfills the statutory requirement to develop, by regulation, a Transportation Enhancements Grant Program for the use of revenue generated from automated red light enforcement systems.

We have determined this regulation is consistent with the statutory authority of the Department (75 Pa. C.S.A. § 3116(1)(2)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

Arthur Coccodrilli, Chairman
