RE: PROPOSED RULEMAKING on 25 Pennsylvania. CODE CH. 102: Erosion and Sediment Control and Stormwater Management

Pennsylvania regulations for erosion and sediment control and stormwater management need to include a mandatory stream buffers program. A voluntary program would be a joke and thus useless. We need a law with teeth. I would suggest buffers of at least 100 feet on both sides of every stream in our state. Please, before it's too late. Sincerely, Joe Lodge 5791 Clark Avenue Bethel Park PA 15102
