Harrisburg, PA 17105

To Whom It May Concern:

Please require 100 foot stream buffers on all streams in PA.

- Forested buffers are good for the environment and the economy, because they reduce pollution and flooding and increase property values.
- We need minimum 100 foot forested buffers on all streams in PA!
- Flooding of homes and businesses hurts the economy and causes lost productivity, health hazards, and decreased property values.

Thank you for your attention to this matter.

Sincerely,

Lindsey J. Robinson, Ph.D.
