HARRISBURG PA

DEC - 9 REC'D

INDEPENDENT REGULATORY  
REVIEW COMMISSION

The Citizen and Residents  
Demand a Buffer to be  
mandatory to protect our  
water quality.

A Forested Buffer are good  
for the economy and especially  
the environment because they  
reduce pollution and flooding  
and increase property values.

We require a minimum  
100 foot forested buffers on  
all streams in PA

Streams and clean water are  
the most valued resources not  
"oil", every human and animals, etc.,  
living thing needs water not  
"oil" to survive"

THANK YOU!
