RECEIVED

The Citizen and Resident Demand a Buffer to Be mandatory to protect our water quality.

DEC - 9 REC'D  
INDEPENDENT REGULATORY  
REVIEW COMMISSION

A Forested Buffer are good for the economy and especially the environment because they reduce pollution and flooding and increase property values.

We require a minimum 100 foot forested buffers on all streams in PA

Streams and clean water are the most valued resources not "OIL" every human and animals, etc. living thing needs water not "OIL" to survive"

THANK YOU!
