Dear EQB,

RECEIVED

DEC - 9 REC'D

INDEPENDENT REGULATORY
REVIEW COMMISSION

Nature is a big part of
 my life. I love a
 good walk in the woods.
 This is why I feel so
 strongly that streams and
 clean water be protected.
 One way to enforce this
 protection is by requiring
 minimum 100 foot forested
 buffers on all streams in
 PA.

Forested buffers are good
 for the environment and the
 economy because they reduce
 flooding and increase property
 value.

RECEIVED

ENVIRONMENTAL QUALITY BOARD

Sincerely,
 E. Symonds
