Subject: Puppy Mills/dog laws

I am writing today to plead for humane conditions of the breeder dogs and their off spring. As the new dog law was passed recently, it gave me a slight sense of relief that these dogs will not suffer *as* badly come summer, spring, fall and winter. That relief has now been replaced with anger once again as I hear from reliable sources that this new law is now being ripped apart and not enforced. Dogs are not agricultural material with feeling, as many will have you believe, that is the many that are profiting from their daily suffering.

THIS NEEDS TO STOP.... and we the people of Pennsylvania that care will not let this happen.. the old mighty dollar will not win out over the cruelty that is being done to these defenseless souls. There are so many dogs being put down daily along with suffering in the overcrowded shelters, put the mills out of business and focus on saving the souls already on this earth. Let's use some common sense and decency. I am ashamed to be human at times due to these horrific crimes against such innocent victims, and the laws of Pennsylvania turning a blind eye and supporting it.

PLEASE help us help them.. we are their voice, listen with your soul to what they are saying.
