Subject: PUPPY MILL LAWSUnder our new dog law (Act 119) NEED TO BE ENFORCED

Dear Sir and Madam,

Our new dog law clearly states adult dogs in commercial kennels can **no longer be housed on painful wire flooring** (solid or slatted only) and every adult dog is required to have unfettered access to an outside exercise run.

Governor Rendell signed this in 2008. Under our new dog law (Act 119), every adult dog in a commercial breeding kennel is now guaranteed unfettered access to an outdoor exercise run, but Secretary Redding is telling breeders that if they carry their dogs to an exercise area, they will satisfy the law. Does Secretary Redding honestly believe that commercial breeders keeping over 500 breeding dogs will be able to carry each and every dog outside twice a day? It is physically impossible. And how will state inspectors prove these animals have been exercised? They can't!!!

This is to be upheld, The law is on the books and NEEDS to be enforced.

PLEASE follow through and do what Gov Rendell signed in to law for the sake of the animals...

Nancy Saetta
