**Subject:** Whelping boxes are not enough, act 119

To whom it may concern:

Whelping dogs are supposed to have solid floors. The Dept. of Agriculture is misleading the public. They are giving us half of something we already have. Under ...our new dog laws (Act 119), solid floors are REQUIRED for the ENTIRE surface of the floor in the dogs' cages. I am so disgusted by the treatment and the horrible fact that puppy mills still run in Pennsylvania and until they can be shut down for good please make sure the promises made are kept and enforced.

Thank you!
