Subject: dog law - wire flooring

Message:

Hi, I am a constituent from Elizabethtown who is really fed up with the shoddy treatment we allow for animals in our state, most specifically puppy mills and other dog kennels. I've recently become aware of a loophole in the dog law that allows nursing and pregnant mother dogs to be confined in a kennel that has 50% wire flooring. I thought the law that was recently passed prohibited wire flooring for dogs 12 weeks and older? This so-called 'loophole' is inhumane and needs to be corrected. Mother dogs are already subjected to cruel treatment and miserable lives churning out puppies over and over again. Don't let this loophole make their existence even worse - man's best friend deserves better! Please bring this to the appropriate person's attention to get the ball rolling to fix this. Thank you. Susan (& Allen) Kunselman - Elizabethtown
