Company: Dog Law Advisory Board, member

Subject: regulations for Act 119

Message:

It is completely unacceptable that the Bureau of Dog Law changed (eviscerated) the regulations written by the Canine Health Board without their consent, their advice, or even their knowledge. The only acceptable action now is to reject this set of regulations written behind closed doors to appease the commercial breeding lobby, and to invite the Canine Health Board to re-submit the regulations they wrote as experienced veterinarians who have knowledge of the physical and psychological needs of dogs who are in kennels for their entire lives.
