I R R C

I am very concerned about
The Laws that are about to pass
of the air conditioning and the
flooring regulations.

I am Malinda E. Kanagy the
Wife of a Commercial Kennel
Breeder, If these Laws pass, my
husband would need to get out of
business, because ~~at the~~ we could
not afford to come up with those
regulations, we have a nice little
business, which our children help with
Feeding and cleaning, my husband has
a clean Kennel and we have happy
dogs.

Do Not pass these Laws for
our sake, I am very
concerned
