Dear. Honorable: James Smith.

Greetings:

I'm Ellamae Zimmerman, We have small kennels, we have a great sense of pride in our dogs, and do our very best to take good care of them and for those reasons I'm greatly concerned about the new proposed regulations

1. We feel that the excessive airflow - humidity & lighting will only cost more animal lives than anything else, please stop and consider the hidden agenda behind these regulations

2. The regulations go way over.

6878

and beyond The Statuary Of  
The Law, They Can only come  
UP with what There charge is  
Please ask yourself why are  
They doing This ?

3. It Takes away my 5th  
ammendment rights of an  
american citizen, and brand  
me as someone That commi  
a crime, and That not accepta  
Please ask yourself would  
like to be monitored 24/7

So Please go out, and  
both Sides go TO Kennels, Shelt  
etc. before you make Your  
Choice

Thank-You Kindly for You  
Time

Respectfully:  
Ella Mae
