Pennsylvania Department of Agriculture Bureau of Dog Law Enforcement PA

To: Bureau of Dog Law Enforcement,

As a concerned Pennsylvania citizen, I respectfully submit the following comments in support of the Department of Agriculture's proposed rulemaking regarding standards for commercial kennels. The notice was published in the Pennsylvania Bulletin on September 12, 2009 (7 Pa.Code CHS. 28 and 28a).

Background:

The Bureau of Dog Law Enforcement within the Department of Agriculture is charged with implementing and enforcing the Dog Law, which was passed to ensure the humane care and treatment of dogs in the Commonwealth. In 2008, the Pennsylvania General Assembly passed significant amendments to the Dog Law and created the Canine Health Board to establish appropriate ventilation, humidity, ammonia, and lighting ranges for commercial kennels, as well as consider alternative flooring options to those set forth in the law. The proposed regulations are the result of the Canine Health Board's recommendations for those standards.

Ventilation:

The proposed regulations require that "ventilation be achieved through a mechanical system that will allow for 8 to 20 air changes per hour, keep consistent moderate humidity, keep the kennel from becoming too hot, keep ammonia levels and particulate matter low, and to keep odor minimized...". While generally I support these standards, it is well established that a minimum of 10 air changes per hour should be required in all animal spaces. As a result, I recommend that the required air changes per hour be changed to reflect this standard.

I commend the Department of Agriculture and the Canine Health Board for proposing a requirement that kennels use a mechanical ventilation system that provides ventilation,

heating, and cooling. Such a system is imperative to ensure the health and comfort of dogs housed in kennel facilities.

Lighting:

I commend the Department of Agriculture and the Canine Health Board for acknowledging the importance of exposure to natural light and a diurnal cycle for dogs housed in a kennel environment. I fully support the lighting requirements proposed in these regulations.

Flooring:

I fully support the flooring requirements proposed in these regulations.

[Insert Additional Comments Here]

Conclusion:

Based on the foregoing comments, I fully support the proposed regulatory package presented by the Department of Agriculture and the Canine Health Board with the recommended changes, and encourage promulgation of the new regulations as expeditiously as possible. Thank you for your time and consideration.

Sincerely,

2785

Dear Comment Recipients:

This spreadsheet from the ASPCA, and others to follow, lists persons who have attempted to send the ASPCA form comment to the PA Department of Agriculture. Because these comments all indicate ASPCA as the sender, rather than the individuals' email addresses, these emails began to be rejected by the PDA server on October 6, 2009, and cannot be retrieved. The ASPCA cannot modify their site to change this. For this reason, the ASPCA is alternatively sending weekly spreadsheets to PDA listing those persons who have attempted to comment. This is the only information that will be available for these rejected comments.

A copy of the ASPCA form comment is posted on the IRRRC Web site. The individual comments received before the PDA server began rejecting them, from October 5 and 6, 2009, were previously sent to you in spreadsheets prepared by PDA. The ASPCA spreadsheets include the comment sender information for those comments, and for the later rejected comments, so a count can be obtained from these ASPCA spreadsheets after October 27 of the total number of ASPCA form comments.

Thank you.

Subject: FW: ASPCA PA Alert Report
Attachments: PA_Alert_Respondents_as_of_10.09.09.csv

Dear Comment Recipients:

This spreadsheet from the ASPCA, and others to follow, lists persons who have attempted to send the ASPCA form comment to the PA Department of Agriculture. Because these comments all indicate ASPCA as the sender rather than the individuals' email addresses, these emails began to be rejected by the PDA server on October 6, 2009, and cannot be retrieved. The ASPCA cannot modify their site to change this. For this reason, the ASPCA is alternatively sending weekly spreadsheets to PDA listing those persons who have attempted to comment. This is the only information that will be available for these rejected comments.

A copy of the ASPCA form comment is posted on the IRRRC Web site. The individual comments received before the PDA server began rejecting them, from October 5 and 6, 2009, were previously sent to you in spreadsheets prepared by PDA. The ASPCA spreadsheets include the comment sender information for those comments, and for the later rejected comments, so a count can be obtained from these ASPCA spreadsheets after October 27 of the total number of ASPCA form comments.

Thank you.

Subject: PA Alert Report

Hello Jessie,

Here's the report for this ASPCA advocacy alert:
<https://secure2.convio.net/aspc/site/Advocacy?cmd=display&page=UserAction&id=2607>

There have been 1349 respondents so far:

Please let me know on Monday if you have resumed receiving emails as a result of the edited subject line.

Thank you,
Carrie

Carrie Straus
