Subject: Regulations

Dear PA Canine Health Board,

I write to you today to convey my strong support of the CHB's recommended regulations regarding temperature control, ventilation, lighting, humidity and ammonia control and proper exercise of dogs living in PA's large scale commercial breeding facilities. The regulation of each of these conditions is of the utmost importance for these animals. They need and deserve better living conditions and care!

I urge you to expedite the passage of these regulations. Thank you.

Sincerely,

Linda Hanus
